DANCE FOR BENEFIT OF RED CROSS FUND

Servian Club Does Well and
Expects to Soon Send
Third Remittance

The Servian club held a dance at
the old Opera House Sunday night
for the benefit of the Red Cross fund.
The ball was very well attended, more
than 400 persons being present. The
music was furnished by the Lowell
band.

The final report has not yet been
made, but it was stated yesterday
that the receipts for the dance were
good.

The regular meeting of the club
will be held on the fifteenth, when
the report will be received and it is
expected that a third remittance will
be made to the National Red Cross
society in New York. The local club,
which has already recently been orga-
nized, has already sent more than
\$1000 to the national body. The funds
are for the assistance of the Servian
Red Cross in the Italian war.

CORONER STOPS FUNERAL

San Francisco Girl Reported Dead
From Poisoning Believed Victim

SAN FRANCISCO, Cal., Jan. 6.—
The body of Miss Anna Fitzgerald,
twenty-five years old, was lying in a
casket ready to be taken to the home-
very today when the coroner's office
halted the funeral and ordered the
casket to be removed for an au-
topsy. It was supposed that Miss
Fitzgerald died of ptomaine poison-
ing. She was taken ill after eating
a New Year's eve dinner. The coron-
er was not satisfied that she was not
poisoned.

DESERVED SUCCESS.

Charles Klein's play, "The Third
Degree" rightly deserves the great suc-
cess that has followed it ever since its
initial performance. No play in the
last fifty years has yet people to think
ing as deeply as has this one. —Adver-
tiser.

NEW OFFICIALS WILL QUALIFY

Office Is Engaged and a
Demand for Books and
Papers Will Be
Made on High

REFUSAL IS EXPECTED

H. W. Thomas, newly appointed as-
sistant of the peace for Bisbee, yester-
day began establishing his office in
room 14, of the Muhlen block. Mr.
Thomas and J. J. McFrea, newly ap-
pointed constable, have not yet qual-
ified, but it is expected that this will
be done. This will include the put-
ting up of a bond, which has to be
approved by the clerk, chairman of the
board of supervisors.

It is probable that the new justice
of the peace will today make a de-
mand for the court books of Justice
High. This demand, it is understood,
will not be complied with and the
case will again be opened. There are
two courses of procedure open to
the precinct officers. One is the in-
stitution of quo warranto proceedings
testing the right to the office of the
newly appointed officers; and the
other is to sue for salaries when they
are next due. It is believed that the
latter course will be pursued.

Lawyers in the city hold widely dif-
ferent opinions as to the present
status of the two sets of precinct of-
ficers. It is contended by many that
when the injunction was denied an
the appointments and redistricting
was made by the supervisors, that
that definitely ended the matter and
that the old precinct officers were
 ousted. They base their claim on the
following extract from Chapter 4,
first session, laws of Arizona (the
precinct law): "and the terms of
justices of the peace and constables
now in office are hereby terminated
on the first day of January, 1913.
Therefore, it is said, the decisions
or proceedings of the hold over pre-
cinct officers are not legal.

It is just as strongly contended by
the other hand that the action of the
superior court is not binding, as the
matter is to be taken to the supreme
court. When the decision was made
by the superior court a notice of ap-
peal was made. Whether this ap-
peal can be carried to the superior court
now that the plaintiff in the action
Judge T. D. Burdick, is dead, is a
question that will come up later. As
to the legality of decisions made by
the present incumbents, it is claimed
that, until the new officers have qual-
ified, the old officers have a perfect
right to remain in their present pos-
itions and perform the duties of the
offices.

THE ROYAL PRESENTS LIFE OF THE WILD

"Kings of the Forest," the scenes
of which are laid in South Africa, has
a gripping romance coupled in with
adventures into the wild which lead
to adventures of the most sensational
character with the man-eating lion
and leopards that, emboldened with
hunger, leap from the jungle into the
camp of the travelers. Never before
has a wild lion been shown attack-
ing and carrying away its victim as
it has in this picture.

The journey of the animal through
the jungle with its prey in its drip-
ping jaws is sufficient to make the
hardest man.

The risk involved, the care nec-
essary and the danger ever imminent
in a production of this class would
all a volume. Suffice to say that
the results have been secured, and
the audience can safely view all of
its thrilling periods and be satisfied
that it will end well.

"Kings of the Forest" is the sensa-
tional of the hour in the picture play
world and far surpasses all produc-
tions in the line of big animal photo-
plays.

This thrilling production will be
presented in this city at the Royal
Theater for three days commencing
with today's matinee and will be
cleared with interest for all civiliza-
tion since for the wholesome and in-
spiring romance of the vanished
frontier.

TO STUDY ENGLISH ARMY DISCIPLINE

NEW YORK, Jan. 6.—Among the
transatlantic passengers sailing from
New York today was Major Charles
H. Hatch of the United States Marine
Corps, who has been sent abroad on a
rather interesting mission. Major
Hatch is in charge of the naval sec-
ondary barracks at Port Royal, S. C.,
and the purpose of his visit to Eu-
rope is to study the system of disci-
pline in the British army and navy,
especially the detention system in
service at the Aldershot barracks.

WILL EXAMINE PRISON.

WASHINGTON, D. C., Jan. 6.—
Attorney General Weeks today ap-
pointed Major Henry Leonard of
the U. S. Marine Corps, retired, to
investigate the federal penitentiary
at Leavenworth and report on the
condition, for reform, if necessary.

THREE BOUTS ON SCHEDULE

Light, Welter and Middle
Weight Events Are on
the Tapis at the "Y"
Gym Tonight

OTHER FEATURES TOO

Three star bouts will inaugurate
the 1913 boxing season of the Y. M.
C. A. tonight. The first bout will be
called promptly at 8 o'clock.

The first bout will be between Pearl
and Pourhouse. It will be in the
lightweight division. Pearl now holds
second place in that division in the
tournament and Pourhouse is third.
The second scrap will be in the
welterweight class and will be be-
tween August and Hofer. August leads
in the welter division and Hofer is
second. The last scrap will be be-
tween DeStomle and Ivey and will be
in the middleweight class. DeStomle
is second in this class and his op-
ponent is third. The matches will be
refereed by Spicer, with Captain
Hodgson and Dr. Hawley as the
judges.

A feature of the program will be a
special entertainment, between the
bouts, by Alfred Allen. Mr. Allen is
an ex-comedian and is said to be very
good in the entertaining line. He will
have a "stunt" with a dancing doll
and also a number of songs. There
will also be a Cornish wrestling
match.

The bouts will be held at the Y.
M. C. A. beginning tonight, on each
Tuesday. There are now fourteen
men in the tournament, which ends
on March 1. The winner will be
awarded a gold medal and the one
coming second will receive a silver
medal. An "unknown" has recently
been added to the ranks of the box-
ers. He is C. Bateman, a welter-
weight, and it is expected that he
will give Jackson, who has been hold-
ing the lead in that class, a hard scrap
for first place. This bout tonight will
be particularly interesting as many
changes will probably be made in the
standings. As a number of those who
are to appear in the bouts are on the
night shift a collection will be
taken up.

PHONE IMPROVEMENTS ARE TOLD BY CLARK

Betterments in Southwest
Are Being Extended
in All Directions

D. D. Clark, of the Tri-State Tele-
phone company at El Paso, was in
the city yesterday. Mr. Clark was in
Bisbee when the new telephone ser-
vice was cut over.

"Douglas now has one of the finest
switching plants in the southwest,"
said Mr. Clark yesterday. "The whole
system was absolutely rebuilt and
the new exchange is an absolutely
new one. I have not heard yet when
the new toll line between Douglas
and Bisbee is to be constructed, but
I presume it will be soon. The busi-
ness between these two cities has in-
creased greatly.

"The Tri-State company has recent-
ly finished the construction of its line
from El Paso to the eighth zone. It
is doing a lot of new building and
there will soon be one of the best
connections between El Paso and
Denver that there is in the country.
The company is making many im-
provements all through this south-
west section."

The local telephone business has
shown a good increase for the year.
Manager J. C. Clemens said yesterday
that seventy new telephones had been
installed in the last six months and
that the company looked forward to
a good year.

"CITY" PROVES STRONG AND POWERFUL PLAY

Though "The City" might be classed
by some as a rather gruesome
play as a vehicle for the display of
the talents of a company of talented
artists, keener enjoyment has seldom
been afforded Orpheum audiences.

"The City" was a big play handled
in a big manner by a master play-
wright.
Hugo H. Kock, who played the stel-
lar role dominated throughout the
three gripping acts. His strong per-
sonality and his splendid vigorous
portrayal of the lead there is in the
city man was brilliant. His person-
ality and acting did not overshadow
that of the rest of the company, how-
ever. All were good, evenly balanced
and strong in their respective parts.
"The City" came up to expectations.
It was a splendid, sober, gripping,
powerful drama and it will no doubt
be welcomed here again.

Uncle Pennywise Says.
A politician is always ready to dis-
cuss questions, but he seldom has an
answer for any of our troubles.

STORM CAUSES MUCH DAMAGE

Losses Are Not Severe But
Roofs and Porches
Are Torn Off by
High Wind

IS WIDE IN EXTENT

Much damage to property is re-
ported to have been done by the recent
wind storm which passed over the
city. Not only was Bisbee affected
but reports from both the Atlantic
and Pacific coast tell of severe storms
which raged in these sections of the
country. No losses of lives have so
far been reported. Although the
storm did no serious damage in Bis-
bee and vicinity, there are many re-
ports here who are now searching for
lost children, crops, wood-sheds and
fences.

In South Bisbee, the roof of Miss
S. J. Peters' house is said to have
blown off and is now lodged against
that of her neighbor, the Van Neth-
erland. On the high road district
on School Hill, several housekeepers
are reported to be looking for front
porches which are said to have blown
away and many more have the ruins
of them still in their yards. In Moon
Canyon, Mr. Waters tells of how the
wind took his life, pulverized him from
the side of the hill and
blasted it in the canyon below.

The storm was felt in Warren where
the open streets of ground moved to
be good prey for the wind. The re-
sidence of Mr. Tom Hughes was blown
down and his machine was somewhat
damaged. Miss Myrtle Perry's porch
was blown off, much of the fence
around the Warren fall park now lies
on the ground and there are many
more signs of the storm. The great-
est damage, however, was done to the
soldiers' quarters where nearly every-
thing was swept away. But one of
the many officer's tents now remain
on the ground while several of the
soldiers' tents are blown down and
blow away. The hospital tent was
ruined and blown away and nearly
every tent on the ground was wa-
tered and torn that they are no longer
of much use.

The soldiers figure that they lost
several hundred dollars' worth of prop-
erty and personal effects during Sat-
urday's storm.

The officers have been quartered
by the kind housekeepers in Warren
while the men, who lost their effects,
are temporarily quartered in a ware-
house across the road. This morning
some of the soldiers' effects were
found two miles away from the quar-
ters. A relief is now on its way from
Fort Huachuca to relieve the soldiers.

ARCHBOLD AND WIFE

Will Give Last Testimony On Monday
in Senate Impeachment Trial

WASHINGTON, D. C., Jan. 4.—The
only testimony of Judge Robert W.
Archbold, himself and his wife re-
mained to complete the trial of the
accused judge in the impeachment
trial before the senate when that body
adjourned today until Monday. Mrs.
Archbold listened to the testimony to-
day from the gallery. It is expected
that she will testify regarding the
kindness between herself and Henry
W. Cannon, who paid the expense of
Archbold's European trip in 1910.

FRAUDULENT USE OF MAIL.

PORTLAND, Ore., Jan. 6.—A. J.
Blush, charged with using the U. S.
mail to defraud in connection with
the operation of the Columbia River
Gravel company, was found guilty
today by a jury in the United States
district court here.

Serum From Wild Ducks.

It is said that the wild duck yields
a serum which gives immunity from
hay fever, asthma and similar trou-
bles.
